

# Recommended for reliability

SMB laser printers

[brotherzone.co.uk/laser-zone](http://brotherzone.co.uk/laser-zone)

Give your customers all the print performance they need and more with the Brother laser range. An extensive set of features has been developed with SMBs in mind, delivering security, connectivity, high-volume printing and long-lasting consumables.

BLI, the world-leading independent tester, awarded the range with a certificate of reliability after rating each model. This gives you the opportunity to promote a strong combination of professional quality, affordability, speed and versatility.
